Please submit your application to communitysupport@enwin.com

Community Support Fund Guidelines

1. Potential Community Support partners must demonstrate a significant and unique contribution to our community, shared values with ENWIN, and a dedication to communicating the good news associated with our support.
2. Support is considered only when the end use of donated funds is fully known and when it is clear that the partnership will benefit the communities to which we provide water and electricity services, or the sectors in which we operate.
3. The following types of requests are excluded from funding under this program:
 - Political parties or candidates
 - Religious organizations
 - Individual public, private or parochial schools
 - Advocacy of special interest groups
4. The application process will reside with the ENWIN Corporate Communications department.
5. All submissions will be received and processed by Corporate Communications. Relevant communications, advertising and public relations activities will be undertaken where, and as appropriate.
6. All submissions will be reviewed by the Community Support Committee, which is a committee of ENWIN employees representing electricity, water, customer service, human resources and communications/public relations.
7. The deadline for Community Support requests is September 30 of the year preceding the year for which support is requested.
8. The Community Support Committee will review all submissions during the fourth quarter, for the coming calendar year, and provide a Community Support Recommendation to the CEO for approval.
9. Community Support Committee's recommendations will be based on available budget, alignment with ENWIN's vision, goals and focus, potential for long-term community benefit and potential for recognition through partnership.
10. Final approval of the annual budgeted Community Support recommendation resides with the CEO. Recommended support outside of the approved budget allotment will be reported to the appropriate Board of Directors for approval.
11. Community support decisions and partnerships will be announced in January, through the Corporate Communications department.
