

ENWIN Diversity & Inclusion Scholarship Application Form

ENWIN Utilities Ltd. (“ENWIN”) believes there is significant value in diversity and is committed to continually enhancing and promoting diversity and inclusion in our organization and in the community we serve. ENWIN is pleased to offer four scholarships towards the recipient’s post-secondary education starting in the Fall 2022 term. Applications will be accepted from any Windsor or Essex County grade 12 student who will be attending any science, technology, engineering, or mathematics (“STEM”) program at any Ontario University or College in September 2022. Each scholarship is in the amount of \$1000. Preference will be given to applicants that self-identify as belonging to an equity deserving group, including women, persons with disabilities, indigenous peoples, members of the LGBTQ+ community, and/or visible or racial minorities, as they are historically underrepresented and disadvantaged in their pursuit of STEM fields of study. The three successful recipients will be awarded the ENWIN Scholarships upon proof of enrollment into a qualifying program at an accredited Ontario university/college and receipt of high school graduation records and other supporting documents.

Please fill out the following application form including your high school transcript. Letters from references are also welcome. All submissions must be sent to the evaluator at the following address before July 31st, 2022:
