You qualify for Regulated Price Plan ("RPP") Pricing if you:

Carry on a business that is a farming business for the purposes of the Farm Registration and Farm Organizations Funding Act, 1993, and hold a valid registration number assigned under that Act or the consumer's obligation to file a farming business registration form was waived pursuant to an order made under subsection 22 (6) of that Act; or

You can find these acts on the government's e-laws web site at www.e-laws.gov.on.ca.

Fill in this form:

If your account qualifies, please fill in the information below. If you have more than one qualified account, please attach a separate page for each account. If there are units in your building or complex that are metered or billed separately from the account referenced, do not include them in the total number of units for this account.

Acknowledgement:

By self-declaring, you are acknowledging that under the Ontario Energy Board Act and O.Reg. 95/05 you automatically fall under the prescribed RPP fixed rate consumer class, unless you meet the exemption criteria defined in the Act and or regulations for the RPP rate class.

Your account will automatically be switched to RPP if you do not meet the exemption criteria. If you wish to remain out of the RPP, you can do so through one of the following:

1. Opt out of the RPP by signing a contract with a retailer of electricity for commodity supply. If you are currently under a retailer commodity price option, your rate plan will not change through this declaration.
2. Opt out of the RPP by electing to be placed on the Hourly Ontario Electricity spot Price (HOEP) through written request to Enwin if an interval meter is already installed at your service address. If you wish to explore this option and do not know whether you have an interval meter installed at your service address or wish to have one installed, contact Enwin for meter information or interval meter installation conditions.

Note: Self-declaring customers will be moved to their required rate option at the start of the next billing date on a go forward basis.
