

WINDSOR UTILITIES COMMISSION ANNOUNCES WATER RATES BEGINNING JANUARY 1, 2023

At Windsor Utilities Commission, our mission is to provide safe, reliable water services in a cost effective, sustainable manner. To ensure that we protect our fresh water delivery service, we continue to invest in our water production and distribution system.

The 2023 rates have been established to support a water system that meets provincial water quality standards which protects our supply of safe, reliable drinking water, while ensuring abundant flow to fight fires and minimize water main breaks.

Maintaining our aging water infrastructure will require an investment of approximately \$31.0 million in 2023. Accordingly, the water consumption charge will increase by 2.7¢ per cubic metre, effective January 1, 2023 (from 69.8¢ cents to 72.5¢.) The fixed monthly charge will increase 74.0¢ (from \$19.55 to \$20.29) for a 15mm meter. For further information, visit www.enwin.com, and click on the WUC logo.
