

ENWIN Utilities Ltd. – Conditions of Service – Summary of Changes

ENWIN Utilities Ltd. (“ENWIN”) has updated its Conditions of Service as required by the Ontario Energy Board (“OEB”) further to amendments made to the Distribution System Code effective May 27, 2024 to follow a standardized procedure for connecting non-residential electric vehicle charging infrastructure to electricity distribution systems.

The following is a summary of the changes.

Section ¹	Revision Note
Appendix 6	Addition of appendix to describe requirements for non-residential electric vehicle supply equipment connections.

¹ Section numbers reference the proposed updated Conditions of Service.
