

NOTICE OF A RATE HEARING

ENWIN Utilities Ltd. has applied to increase its electricity distribution rates

The requested rate increases are set using an OEB-approved formula, which is tied to inflation and other factors intended to promote efficiency. If the application is approved as filed, a typical residential customer and a typical general service customer of ENWIN Utilities Ltd. would see the following increase effective January 1, 2025:

Residential (750 kWh)	\$2.71 per month

Other customers, including businesses, will also be affected. It's important to review the application carefully to determine whether you may be affected by the proposed changes.

ENWIN Utilities Ltd has also applied to dispose of a credit balance in a deferral and variance account referred to as a Group 2 account.
