#	ITEM	COST
1	(A) Service Call by Water Operations	
	Where WUC's water operations department is dispatched to investigate water quality issues, leaks, and other service matters on the private side of the service not attributable to WUC, the following rates apply. These rates cover a one hour charge. When extensive work is required, other charges in this schedule may apply as provided in items 4 and 9.	Regular Hours - \$85 per hour After Hours - \$160 per hour
	(B) Customer Missed Appointment	\$85
	(C) Disconnection / Reconnection Fee	
	(i) Seasonal Services Seasonal water meters that service irrigation systems, service parks, cemeteries, sports fields, as well as other seasonal applications are reconnected in the spring and disconnected in the fall. This charge will be applied at the time the service is turned on. During the months that the service is disconnected, no fixed or consumption charges shall apply. Once the service is reconnected, fixed and consumption charges will resume.	\$65 / each visit
	(ii) Non-Payment When a water service has been disconnected for non-payment, full payment of arrears is required in order for the service to be reconnected. This reconnection fee will be assessed at the time the service is turned on. The account will continue to bill monthly fixed charges during the period of disconnection. Once the service is reconnected, fixed and consumption charges will resume.	\$65 / each visit
	(iii) Collection Charge If the field representative attends the customer's property to disconnect service for non-payment and the payment has been made by the customer during the field visit, with provision of acceptable proof of payment, the customer's service will not be disconnected but the account will be assessed a Collection Visit Charge (plus HST) which will appear on a future billing	\$30
	(iv) Snowbirds and other extended disconnections When a service is disconnected during the winter months or at other times for extended periods at the request of the customer, a fee will be assessed to the customer's account. The account will continue to bill monthly fixed charges during this period of disconnection. Once the service is reconnected, fixed and consumption charges will resume. Customers that would like to stop fixed charges must request to have their meter removed. Customers will also be charged the 1(A) service call fee to remove the meter and then charged that fee again to re-install the meter when they wish to restart the service.	\$65 / each visit
	(v) Temporary Disconnect / Reconnect When a service is disconnected on a temporary basis to facilitate construction, renovations, or repairs, a disconnection fee may be assessed to the customer's account. The account will continue to bill monthly fixed charges during the period of disconnection. Once the service is reconnected, fixed and consumption charges will resume. Customers that would like to stop fixed charges must request to have their meter removed. Customers will also be charged the 1(A) service call fee to remove the meter and then charged that fee again to re-install the meter when they wish to restart the service.	No Charge - One disconnect and reconnect per calendar year at no charge. All other disconnects and reconnects afterward are \$65 per visit
