ENWIN Utilities Ltd., is currently accepting applications for vacant the position of:

Supervisor Water Distribution

Location: Windsor, ON

Reporting to the Manager, Water Operations, the successful applicant will be directly responsible for the administration of staff, material, equipment and contractor resources utilized in the inspection, maintenance and construction of the potable water distribution system. The incumbent will plan and supervise the work of the Water Distribution area to ensure the work is completed accurately and efficiently while minimizing the inconvenience to customers. The duties include but are not limited to: maintaining the potable water distribution system; attending pre-construction meetings; monitoring training progress to ensure training requirements are met; monitoring work practices and adherence to safety procedures; providing ongoing on-site job instructions and recommendations; organizing and monitoring response to emergent issues; providing detailed reports on activities related to this role. The Supervisor, Water Distribution is assigned as Operator in Charge (OIC) over the assigned sub system in compliance with Ontario Regulation 128/04 of the Safe Drinking Water Act. The successful applicant must also be able to substitute as the Overall Responsible Operator (ORO) on an "as needed" basis, have overall knowledge of the status of all potable water distribution system projects/jobs and respond to any questions from the Ministry of Environment office. **The successful candidate may periodically be required to be on-call and will be required to work after hours when emergent issues arise.**

The successful applicant must have the following skills and competencies:

- Ministry of Environment Class 3 Water Distribution Certificate.
- Minimum of 4 years experience working as an operator. Operator in Charge (OIC) experience considered an asset.
- Experience leading a crew considered an asset.
- Knowledge of Safe Drinking Water Act (SDWA) and regulations.
- Ability to resolve problems, assess needs and delegate work in a manner that motivates others and builds on their skills.
- Demonstrated project planning skills, ability to multi-task and oversee several projects simultaneously.
- Ability to make on site decisions to safely and competently complete projects and emergent work.
- Knowledge of the Occupational Health & Safety Act and regulations.
- Excellent oral and written communication skills.
- Good working knowledge of computer concepts (Word, Excel, Outlook, SAP, GIS mapping and eLog, eCompliance, GeoTab, Work Manager, LIMS).
- Experience working in a unionized environment considered asset.
- Valid Class "G" Driver's Licence.

Salary Range for Qualified Candidates - \$106,657 - \$117,884

Qualified applicants may apply at <https://www.applicantpro.com/openings/enwin/jobs> up to and including **Sunday, April 27, 2025. Please quote File EWU-25-01-016 on application.** Although all applications are appreciated, only those candidates selected for an interview will be contacted.

ENWIN believes there is significant value in the diversity within our workforce and we are committed to continually enhancing and improving diversity and inclusion throughout our organization. As an equal opportunity employer, we encourage all qualified individuals to apply for employment opportunities and believe that strength flows from our individual differences and enables us to effectively serve our community.
