¹Prices remain unchanged. ²Prices and hours remain unchanged. Prices apply to the Electricity line of your bill.

Choose the price plan that's right for you.

Utilities offer three types of price plans

which means customers can
choose a plan that best reflects
when and how often
they use electricity.

Time-of-Use (TOU) and Ultra-Low Overnight (ULO)

The price for both of these plans depends on
when you use electricity. On each of these
plans, you can help manage your electricity
costs by shifting your usage to lower
price periods when possible.

Tiered

With Tiered prices, you can use a certain
amount of electricity each month at a
lower price. Once you exceed that limit,
a higher price applies.
