

NOTICE OF PUBLIC INFORMATION CENTRE **ELEVATED WATER TOWER** **MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT**

THE STUDY

ENWIN Utilities Ltd. (ENWIN) on behalf of the Windsor Utilities Commission (WUC) is undertaking a Schedule 'B' Municipal Class Environmental Assessment (Class EA) for a new Elevated Water Tower and associated distribution and transmission system. In general, the study objective is to follow the planning process outlined in the Municipal Class Environmental Assessment (2000, as amended in 2007, 2011, 2023) under the *Ontario Environmental Assessment Act* to determine a long-term solution to maintain adequate water supply and operating pressure to the City of Windsor, Town of Tecumseh, and Town of LaSalle. This study will satisfy Phase 1 and 2 of the Class EA process including: (Phase 1) review of background information and definition of a problem statement and (Phase 2) identification and evaluation of alternative solutions. The planning and decision making of the Class EA process will be documented in a Project File Report.

ENWIN, as the proud operator of WUC, is hosting a Public Information Centre (PIC) to present the evaluation of alternative solutions and associated distribution and transmission system for the new Elevated Water Tower. Consultation is an integral part of the EA process and members of the public, agencies, and others interested are invited to participate in the upcoming PIC.

PUBLIC INFORMATION CENTRE
Tuesday November 25th, 2025
4:00 p.m. – 7:00 p.m.
Hellenic Cultural Centre
3052 Walker Road, Windsor ON

Presentation material and feedback forms for this PIC can be found on ENWIN's website starting from November 25th, 2025, at: <https://ENWIN.com/water/windsor-utilities-commission>

Following the PIC, comments are welcomed and will be received until December 23rd, 2025.
