Residential

Small Business

Tier 1
11.2 ¢/kWh

Tier 2
13.2 ¢/kWh

Choose the price plan that's right for you.

Utilities offer three types of price plans

That means customers can choose a plan that best reflects when and how often they use electricity.

1 Time-of-Use (TOU)

2 Ultra-Low Overnight (ULO)

The prices under these plans depend on when you use electricity. On each of these plans, you can help manage your electricity costs by shifting your usage to lower price periods when possible.

3 Tiered

With Tiered prices, you can use a certain amount of electricity each month at a lower price. Once you exceed that limit, a higher price applies.

oeb.ca/choice

Effective November 1, 2026, the Ontario government's Ontario Electricity Rebate (OER) will be 15.7%.
